OUTLINES.

The anti-anarchy bill was passed by the House yesterday. ——In the Senate the isthmian canal project was discussed and the naval appropriation bill was considered; Senator Simmons addressed the Senate in favor of the national forest reserve. ——Hungarians from Pennsylvania are going to the Tug River coal mines in West Virginia. —— President Mitchell says the strike in the West Virginia coal fields is almost complete. —— Fire at Saratoga, N. Y., caused the loss of five lives; the Arcade and other buildings were burned; loss estimated at $300,000. —— A small fire in the centre of London, Eng., caused the death of five girls; fifteen persons were injured. —— Two desperate prisoners escaped from the jail at Salem, Ore, after killing three guards. —— Ten men and one woman were killed and about thirty persons injured by the burning of a sanitarium in Chicago. —— New York markets: Money on call was steady at 2½@3 per cent.; cotton quiet at 9¼c for middling; spirits turpentine steady; rosin steady; flour dull and easier, closing 5@10c lower to sell; wheat—spot easy, No. 2 red 77½c.; corn—spot easier, No. 2 69¼c; oats—spot easier, No. 2 46c.

WEATHER REPORT.

U. S. DEP'T OF AGRICULTURE, WEATHER BUREAU, WILMINGTON, N. C., June 8.

Meteorological data for the 24 hours ending 8 P. M.:

Temperatures: 8 A. M., 68 degrees; 8 P. M., 68 degrees; maximum, 76 degrees; minimum, 65 degrees; mean, 70 degrees.

Rainfall for day, .18; rainfall since 1st of month to date, .53 inch.

COTTON REGION BULLETIN.

Showers have fallen in the northern and eastern portions of the cotton belt, followed by clearing weather. Temperatures are somewhat lower in the northern sections.

FORECAST FOR TO-DAY.

WASHINGTON, June 9.—For North Carolina: Fair Tuesday and Wednesday; light to fresh east winds.

Port Almanac--June 10.

Sun Rises	4.41 A. M.
Sun Sets	7.15 P. M.
Day's Length	14 H. 34 M.
High Water at Southport	10.40 P. M.
High Water Wilmington	2.10 A. M.

Governor elect Chamberlain, of Oregon, the only Democrat who pulled through, is a native of Natchez, Miss.

The Yaqui Indians are the Boers of Mexico. The Mexicans are finding them almost as tough chaps as the British found the Boers.

The Missouri University has conferred the degree of LL. D. on Mark Twain, and now the question is whether the joke is on the University or on Mark.

As strikes seem to be contagious and epidemic about this time, perhaps the germ experts had better start out and see if they cannot find the strike microbe, and then kill it.

It is an ill wind that blows no good. According to the Philadelphia *Record* the high price of coal up there has given gas stoves, ranges, heaters, &c., a mighty boom and the gas stove people are joyful.

Andrew Carnegie wouldn't go to King Ed.'s coronation if he got an invitation and a free seat. As Scotch born and American raised he doesn't take stock in that kind of shows.

President Roosevelt told a Washington reporter a few days ago that he never leaves the White House without the hip pocket popper he carried in Cuba. And he is quick on the trigger, too.

A lot of miners hired in the place of strikers in one of the Pennsylvania mines, struck the other day because they were given oranges for dessert when they wanted strawberries. The bosses came to time and the strawberries came right along.

Here are the dimensions of that Currituck kid that we made mention of Sunday: His age is 17 years; height, 6 feet 2½ inches; weight, 600 pounds; circumference, 6 feet 4 inches; sound, mentally and physically. At birth he weighed 18 pounds and at nine years 280.

Having been rescued from the brigands Mrs. Stone has fallen into the hands of some lecture promoters, who want to pull her for $30,000 for breach of contract, in having jumped a contract with them and afterwards traded with Major Pond. Verily, this is a rough old world for some folks.

Gen. Gomez believes in toting fair and has refused the $6,000 pension voted him by the Cuban House of Representatives. He says he will not take anything until the other Cuban soldiers have been provided for. Perhaps the old fellow has some political ambition up his sleeve.

L. L. PRITCHARD DEAD

Well Known and Popular Resident of Wilmington Died Suddenly Last Night.

STRICKEN WITH APOPLEXY.

Suffered an Attack at 2:30 O'clock in the Afternoon and Passed Away Within Seven Hours--The Funeral This Afternoon from Residence.

The community was shocked yesterday afternoon to hear that Mr. L. L. Pritchard had suffered a severe stroke of apoplexy, and last night the sorrow was intensified when it was announced that at 9:12 o'clock he had died as a result of the attack at, his home, No. 414 Orange streets.

Mr. Pritchard went to his business as usual in apparent good health yesterday morning and returned to dinner shortly before 2 o'clock as was his custom. He was employed as shipping clerk at the large provision house of the M. J. Corbett Company, on Nutt street, and was about his duties in the warehouse when the first stroke came about 2:30 o'clock and prostrated him to the floor. A colored porter saw him fall and quickly notified his fellow employer in the office. They came quickly to his side and sent him at once to his home where Drs. Burbank, Harriss and Russell attended him. Very soon after reaching home, however, he suffered a second attack and relapsed into unconsciousness and gradually grew worse until death relieved him. His physician's pronounce his death due to cerebral apoplexy.

Lauristone Levering Pritchard was born at Wake Forest College, N. C., April 7th, 1864, and was in the 38th year of his age. He was a son of the late Dr. T. H. Pritchard, the distinguished Baptist divine, and Mrs. Fannie G. Pritchard, who now resides at Wrightsville. Mr. Pritchard had been engaged at various business occupations since a young man and was well known throughout Wilmington and this section. He was of a jovial, good natured temperament and all who came in the circle of his acquaintance were his friends. He had a noble conception of the right and was honest to a degree seldom attained in the business world. He married Miss Claudia Gore, of this city, and she with two bright little children, Edith and Thomas, aged twelve and six years, respectively, survive him. He is also survived besides his mother, by two brothers and two sisters, Dr. W. B. Pritchard and Mrs Claudia H. Jenkins, of New York. Mr. T. W. Pritchard and and Mrs. W. W. Holliday, of Wilmington; All the sorrowing ones have the sincerest sympathy of the community in their deep bereavement.

The funeral will be conducted from the late residence on Orange street this afternoon at 5 o'clock and the interment will be in Oakdale. Absent members of the family have been informed of the sad death.

Funeral of Mrs. Wessell.

The funeral of the late Mrs Charles W. Wessell was conducted at 5 o'clock Sunday afternoon from St. Paul's Lutheran church, in the presence of a large gathering of friends. The services were by the deceased lady's pastor, Dr. A. G. Voigt, and the remains were laid to rest in Oakdale, the following having acted as pall bearers: Messrs. F. E Hashagen, G. W. Bornemann, M. G. Tiencken, F. W. Ortmann, Thos. Larsen and Henry Duls.

About Tax Listing.

The city and county tax listers say their work is progressing very slowly and that property owners should go up early and avoid the rush later in the month. With a third of the month gone, very little listing has been done. The books are open upstairs in the City Hall and Capt. DeRosset and Capt. Bunting have a clever corps of clerical assistants which makes the duty of giving in your valuables very pleasant.

LOCAL DOTS.

— Capt. John W. Cotton, one of the cleverest of the clever A. C. L. freight conductors, has been promoted to extra passenger conductor. The promotion is deserved.

— In the police ocurt yesterday Elliott Lane was bound over for the grand jury on a charge of carrying concealed weapons. In default of $50 bond, he went to jail.

— The United Workers of the First Baptist Church will run a moonlight excursion to the "Rocks" and return Tuesday evening, June 17th. Refreshments will be served.

— Governor Aycock pardons Hoyt C. Moore, convicted in Pitt county four years ago of manslaughter and sentenced to twenty years in the penitentiary. The pardon is on recommendation of the Judge.

— A colored excursion was run from Wilmington to Lake Waccamaw yesterday. There were seven well filled coaches and a baggage car for refreshments. The train was in charge of Captain John W. Cotton.

DELIGHTFUL SESSION BY THE ROYAL ARCANUM.

Twenty-fifth Anniversary Celebration and Entertainment of the Grand Lodge Officers Last Evening.

The celebration last evening by the Wilmington councils of the 25th anniversary of the founding of the Royal Arcanum order in America and the social session in honor of distinguished grand lodge officers who are here to attend the Medical Society meeting, combined to make one of the most interesting and pleasant lodge affairs given in this city in some time.

There were more than a hundred present and each one went home with a higher conception of the benefits of the brotherhood and an evening of splendid entertainment and good fellowship. Dr. W. C. Galloway presided in his most affable and distinguished manner. In assuming his chair he called the officers for the occasion to their respective posts and introduced in happy style Dr. J. Howell Way, of Waynesville, grand secretary.

Dr. Way responded in a most felicitous speech and a grateful expression to Dr. Galloway for his pleasing reference to him and the "Land of the Sky" from whence he came. He then launched out into a brilliant exposition of the benefits of Royal Arcanum and gave facts and figures to substantiate his statements. He also spoke of the fraternal work of the order, and closed amid much applause.

Marsden Bellamy, Esq., was the next speaker, and Mr. H. E. Bonitz prefaced a pleasing introduction of Dr. W. H. H. Cobb, of Goldsboro, grand medical examiner, with a sound talk to young men and especially those who have homes to protect. Dr. Cobb's speech was much enjoyed and was thoroughly practical. He referred to the necessity for lodge attendance and thanked the Wilmington brethren for the cordial reception. The next speakers were Messrs. A. H. Paddison, J. C. Morrison, A. L. DeRosset, N. Jacobi and C. M. Whitlock. Mr. Whitlock asked all charter members of the Royal Arcanum in Wilmington in 1867 to stand up and those who stood were: Messrs. J. Weill, N. Jacobi, Sol Bear, A. Weil, Marsden Bellamy and Dr. S. Mendelsohn.

Other remarks were made by Dr. Mendelsohn, Dr. A. D. McClure and Wm. J. Bellamy, Esq., after which Mr. A. H. Paddison, of the committee, invited the gathering to the second floor of the building, where a sumptuous repast was served.

The exercises were held in Odd Fellows' Hall on Third street, and were opened with a very fervent prayer by Dr. Mendelsohn. The committee of arrangements, which deserves unbounded praise for the way in which everything passed off, was composed as follows: Cornelius Harnett Council, A. H. Paddison, J. C. Morrison (secretary), Henry Burkheimer and R. C. Sloan; Carolina Council, H. E. Bonitz (chairman), James Hooper and W. J. Toomer.

INVOLVING COLUMBUS COUNTY LAND.

Minnesota Colonists in a Law Suit Over 10,000 Acres—Referee Hearing.

Hearing was begun at 2:30 o'clock yesterday afternoon in the county court room before Referee G. B. Patterson of a case entitled Theo. F. Koch vs. L. C. Porter, et al., which is an action to rescind a deed to about 10,000 acres of land in Columbus county. The parties concerned are Minnesota people and a large number of witnesses from St. Paul are here to attend the hearing, which will last two or three days. The land involved is a tract purchased by one of the colonization companies and the case originally came up in Columbus Superior Court and was referred by consent to G. B. Patterson, Esq., to hear the testimony and report to the court.

The plaintiff is represented by Rountree & Carr, of this city, and David J. Lewis and J. B. Schulken, Esqs., of Whiteville. The defendants are represened by McLean & McLean, of Lumberton, and ex-Judge E.K. Bryan, of Wilmington. All of the attorneys are here for the hearing.

Funeral of Mr. McLaurin.

The funeral of the late Joseph H. McLaurin, whose tragic death was noted in these columns Sunday, was held the same morning from the lodge in Oakdale cemetery in the presence of many friends. The services were by Dr. A. D. McClure and Dr. J. M. Wells, of St. Andrew's and the First Presbyterian churches, respectively, and the remains were tenderly laid to rest in the family lot in Oakdale. The pall bearers were: Honorary: Col. Jno. L. Cantwell and Mr. Richard J. Jones; active Col. A. M. Waddell, Col. Jno. D. Taylor, Capt. Owen Fennell, Messrs. A. C. Craft, Walker Meares and W. H. Sprunt.

County Board of Education.

The monthly meeting of the County Board of Education was held yesterday afternoon at the office of Superintendent Catlett in the Court House. Col. W. A. Johnson, (chairman) and Messrs. W. H. Sprunt and Donald MacRae were present. The usual report of Treasurer Green was examined and found correct. The contract for the new school house on Greenville Sound was let to Mr. C. D. Morrill for $500 and a precinct committeeman was elected to succeed Mr. W. A. Williams, resigned. The other business was principally routine.

— A. D. Ward, Esq., of Newbern, was here yesterday on professional business.

UNTOWARD INCIDENT

It Took the Life Out of the Locals Yesterday and Gave Visitors the Victory.

RALEIGH PLAYER VERY UGLY.

Raleigh	17	14	.546
Newbern	14	17	.451
Greensboro	15	16	.484
Wilmington	3	27	.100

An ugly incident in the second inning in which Traeger, of the Raleigh team, took the star role, robbed yesterday's game of ball at Hilton Park of all its life and turned victory to the visiting team in a score of 7 to 2.

From best accounts from impartial witnesses, the story of the trouble was in this way: Charters came up and was hit by a pitched ball. Two strikes were called on Traeger in quick succession and he yelled at the umpire. Fisher came from behind the bat and motioned across the plate the way the ball had gone. With Fisher in front of him Traeger either spit in Fisher's face or puckered his lips, as is the custom with some players on the field. This naturally incensed Fisher and he brushed the batter with his mit. Traeger retaliated by striking him with the bat in his hand just over the left hip near the kidney. The police rushed quickly on the field and Chief Furlong took Traeger, before a crowd of excited men and boys crowded the grounds. Fisher was, in the meantime, prostrated to the ground and Drs. F. H. Russell and Thos. R. Little were summoned to his side. Traeger was taken off the field by Chief Furlong and other officers, and Fisher, after temporary treatment, was sent to the hospital in a buggy. Later in the afternoon Manager Barley Kain, of the Raleigh team, deposited $50 cash bond at the police station and Traeger was discharged until to-day 10 a m when he will be given a preliminary hearing before Mayor Waddell.

Fisher was doing very well at the hospital last night and his physicians say he will be out today but it will be some time before he can go in the game. He expressed much regret at the occurrence and wanted to see Traeger, who also expresses regret over the affair. The two players will likely get together, have an understanding and remain friends as before.

The little "scrap" had the effect to take all the ginger out of the local team and with the magnificent work in the box and at the bat of Childs for the visitors, victory easily fell the other way, though at the beginning of the game it looked like a walk-over for Wilmington. The new men showed up remarkably well. Lawson at short is fast, very fast, and on the coach line he is a power. O'Neill at second and Hines in left field also are fast and handle themselves like ball players. They are in the game from start to finish and against all odds. Krause, the new pitcher, was not in the best form yesterday under the circumstances, but promises to improve upon acquaintance.

After Fisher's disability yesterday, Mathison took his position for one inning, Holland went to third and Manager Mace to right field. Mr. Robert Gwaltney, who was on the grounds in citizen's dress, did the graceful thing by hustling into a uniform and taking Fisher's place in the following inning. He did nice work and was warmly applauded for his action.

Deiters, an infielder with Stocksdale at Durham, has been telegraphed for and will be given a trial. He will take Mathison's place at third while Mathison will relieve Fisher behind the bat,

Child's splendid work let the locals down with a single hit and that was by Hines in the first inning, after Raleigh had been retired in one, two, three order. Holland flew to left and Hines followed with the hit. Dommel was safe on error of Childs and on Lawson's high fly to right, Hines crossed the pan, Mathison flew to second, leaving Dommel on third.

The next run by the locals was secured by Krause, who got life on error of short, a pass to Holland; a fly to the infield by Hines and on Dommel's out to second, Krause scored. Lawson was next out in the same way.

Child's two-base hit with the cushion full on two hits by pitched ball and a single by Roy scored three in the second inning.

In the fifth two more were added another double hit by Childs, a single by Pastor a balk by Krause and a wild throw to first. Soffie scored on Krause's dumb play in throwing to second to catch Hook. A single by Latin, his steal to second and a two-bagger by Hook in the sixth inning let in another run. The last score in the ninth was on a double hit by Pastor, first up, and a single by Charters after two men were down. The more detailed game is in these figures:

THE SCORE BY INNINGS.

	1 2 3 4 5 6 7 8 9	R	H	E
Raleigh	0 3 0 0 2 1 0 0 1	7	9	2
Wilmington	1 0 0 0 0 0 0 0 1	2	1	3

Batteries: Childs and Smith; Krause and Fisher, Mathison and Gwaltney.

Summary: Stolen bases, Dommel and Lattin. Two base hits, Childs 2, Hook and Pastor. Double plays, Krause to Dommel to Lawson. Base on balls, Childs 1, Krause 2. Hit by pitched balls, Charters and Hook. Struck out, Childs 12, Krause 7. Time, 1:55. Umpire, Mr. Sherman. Scorer, Mr. Bell.

"Large Streams from Little Fountains Flow."

— The attendance was nearly 600.

— Our batters had a decidedly off-day.

— The game will be called promptly at 4 o'clock.

— Childs, for the Turtles, pitched an excellent game.

— Gwaltney, who succeeded Fisher, played well behind the bat.

— The reduction of the price of admission for ladies to 15 cents will doubtless prove a trump card.

— Confusion over a fly ball, which either the catcher or pitcher could have taken, cost Wilmington three runs.

— Krause did some very fine work in the box, but he was not always alert when the Turtles were between bases.

— After the assault on Fisher, which sent him to the hospital, there was very little interest taken in the game.

— Well, we've an even 100 left. "Tall oaks from little acorns grow; large streams from little fountains flow.

— Fisher's popularity here was evidenced by the hundreds of inquiries made as to his condition after he was sent to the hospital.

— Don't be discouraged. The new players made a good impression yesterday, and they will improve on acquaintance. So to the game to-day.

— Lattin released by Wilmington in Greensboro is signed by Raleigh. Handibou and Hutton were paid off and released in Greensboro.

— The new uniforms will be here later in the week. The lot ordered from Washington didn't suit and others are on the way from Spalding in Philadelphia.

— The rare and radiant were well represented, and it is hoped the unpleasant incident of the game will not keep any of them away to-day. "Lightning never strikes twice in the same place."

— President Busbee issued a call last night for a meeting of the executive committee of the North Carolina Base Ball League in Raleigh Thursday night at 8 o'clock. It is presumed that the Charlotte-Durham controversy will have an inning.

— Ashenback is amused at Durham's protest against the Charlotte team and says his players won't be sworn unless all the players in the league are taken before a "notary." He says further, presumably in the nature of a threat: "Should we desire to break away from the N. C. League, the Southeastern League with clubs at Knoxville, Asheville, Columbia, Greenville, Spartanburg and Charlotte would be organized. The rivalry between North and South Carolina is something fierce and the attendance would be almost double that in some of the cities now in the North Carolina League."

A Game at Tarboro.

[Special Star Telegram.]

TARBORO, N. C., June 9.—The home boys kept up the winning streak and defeated Durham in an exciting game of ball to-day. Taylor led in batting while Hart played brilliant ball at third for the locals. Elliott did good work for the visitors and Graves played a good game at short. The score:

	1 2 3 4 5 6 7 8 9	R.	H.	E.
Tarboro	2 0 0 0 0 7 0 0 1	10	1	7
Durham	0 3 0 2 0 0 0 0 2	7	7	6

Batteries, Arnheim and Fenner; Lloyd and Surles. Umpire, Foster.

TAR HEEL PHYSICIANS

Forty-ninth Annual Meeting of the North Carolina Medical Society To-day.

AT WRIGHTSVILLE BEACH.

Examining Board Completed Its Work Yesterday and the Result Will Be Announced To-morrow—Complimentary Dance—Notes.

The work of the North Carolina State Board of Medical Examiners came to a close at Wrightsville yesterday morning with the presentation to the class of applicants for license of a very thorough examination by Dr. Thos. E. Anderson of Statesville, on physiology.

The result of the examinations during the session will not be announced until to-morrow and naturally the class will be on the "anxious seat" until that time. The papers submitted by the Examiners as a whole are regarded as very fair and exhaustive. Members of the Board and a large number of the applicants will remain at the beach for the meeting of the North Carolina Medical Society which will convene in the ball room of the Seashore Hotel at 10 A. M.

The examination in physiology yesterday consisted of the following questions:

Describe a complete nerve? (b) Name the different kinds of fibre and functions of same? (c) Do nerves possess the power of generating force in themselves? Explain.

Describe source of saliva; name ferment and uses; also chief nerve supply. (b) Does increase vascularity increase flow of saliva?

The organs of corti; where found and supposed functions.

Define glycogen; where found, its uses and destination.

Is respiration purely a voluntary act? Explain.

What effect follows section or injury of the semicircular canals?

Explain nervous mechanism of deglutition; mention nerves concerned.

Give reaction of pancreatic juice, ferments and parts played in digestion by each.

Source of the corpuscles of human blood; relative number of each; their office; what is diapedesis?

When and how do various types of food, when digested, enter the blood?

Nearly a hundred North Carolina physicians are already in the city and at the beach for the 49th annual meeting of the Medical Society, which promises to be both delightful and profitable. Manager Hinton, of the Seashore Hotel, has made every arrangement for the entertainment of his guests and is expecting an additional large number to-day.

Dr. Robert S. Young, of Concord, is president of the society; Dr. Geo. W. Pressley, of Charlotte, secretary; Dr. G. T. Sikes, of Grissom, treasurer; Dr. John C. Rodman, of Washington, orator; Dr. Eugene Glenn, of Asheville, essayist, and Dr. A. A. Kent, of Lenoir, leader of debate. Dr. Young, the president, and many of the other officers arrived yesterday.

Manager Hinton of the Seashore Hotel, has arranged to give the physicians and their guests a delightful hop to-morrow night at which the Carolina Orchestra will discourse the music. There will be a late train from the beach and the young people of the city and those at Wrightsville are cordially invited.

The Medical Society will remain in session until Saturday.

DEATH OF MRS. ATHALIA B. LIPPITT.

Passed Away in New York Friday—The Funeral and Interment Here To-day.

Friends in Wilmington will hear with sorrow of the death of Mrs. Athalia Brown Lippitt, widow of the late John E. Lippitt, which occurred at her home in New York, Friday, 6th inst., after an extended illness of several months. The remains were brought to Wilmington last evening and will be laid to rest in Oakdale, after funeral services from St. James' Episcopal church this afternoon at 5.30 o'clock.

Mrs. Lippitt was in the 65th year of her age and lived in Wilmington until the death of her husband, who was engaged in the ice business here. She was a daughter of the late Robert F. Brown, of the firm of DeRosset & Brown, commission merchants here years ago.

Mrs. Lippitt is survived by one brother, Mr. James M. Brown, of New York; two sons, Messrs. Frank B. Lippitt, of Atlanta, and James Lippitt, of Minnesota, and two daughters, Misses Augusta and Athalia Lippitt, both of New York. She was a consecrated Christian woman and bore a long suffering with much fortitude and courage. She leaves a number of relatives in Wilmington, but none of the immediate family.

Shells For Light Infantry.

Mayor Waddell has received advices from the ordnance department at Frankford Arsenal, U. S. A., Philadelphia, that forty eight-inch shells will be turned over to the city without expense to the United States for transportation. They are the shells recently secured for a pyramid for the W. L I. through the instrumentality of Hon. Jno. D. Bellamy. The cannons secured are at Fernandina.

For Stealing a Pistol.

At Fourth and Brunswick streets yesterday morning, Policeman Frank George arrested Thos. Wells, colored, charged with stealing a pistol from the store of Charles Scherer, Eighth and Swann streets. He will be given a preliminary hearing by the Mayor to-day.

WE HAVE JUST COMPLETED FURNISHING THE SEASHORE HOTEL.

THE CAPE FEAR ACADEMY CLOSED SUCCESSFUL YEAR.

Twenty-ninth Annual Session—Award of Certificates and Other Distinctions. Roll of Honor—The Classes.

Cape Fear Academy, taught by Prof. Washington Catlett, closed its 29th annual session yesterday. During the past week the pupils have been examined in their respective studies. After a short address by the principal, certificates were awarded to those pupils who made a satisfactory result in the examinations. The following deserve special mention and received certificates:

First Class—A. B. Pleasants, Sarah Catlett, E. T. Hancock, Thos. McCutchin, Adolph Rosemann, Edward Holmes, Fred Hashagen, Willie Emerson.

Second Class—John Q. Myers, Ernest Peschau, Junius Potts, Henry Ortmann, George Jackson, Ernest Crow.

Third Class—Adrian Rhodes, John Murchison, Lionel Kahn, Fred Harper, Fred Bear, Ralph Hodges.

Fourth Class—James Bergen, James Holmes, Frank Williams, Willie Smith.

A manly deportment, a recognition of proper authority, regular attendance and promptness are qualities so essential to good citizenship and success in business that Prof. Catlett said he took pleasure in placing upon the roll of honor the following pupils: James Bergen, Thomas McCutchin and A. B. Pleasants, who received no demerits through the session and were perfect in conduct. E. T. Hancock, Ralph Hodges, Henry Ortmann, James Bergen, Thos. McCutchin, A. B. Pleasants and John Myers were not tardy during the term and Lionel Kahn was tardy only twice.

John Myers was absent only once, and that for sickness.

Prof. Catlett has been a teacher and principal in Cape Fear Academy for twenty-five years, and many leading young business and professional men have secured their education from him, and scores have been prepared for college where they have taken a prominent stand.

A number of young ladies attended the past session, and the roster contains pupils from a distance, including two States.

Successful instruction has been given in stenography, typewriting and bookkeeping.

An Old Subscriber.

Among the old subscribers to THE MORNING STAR is Mr. E. G. Flanagan, of Greenville, N. C., who has been on our mail list continuously for thirty-three years. He comes very near being one of the "charter members," as the paper was not two years old when he became a subscriber. In forwarding his subscription for the current year Mr. Flanagan says: "I have always been pleased with the STAR."

PERSONAL PARAGRAPHS.

— Mrs. Parks M. King, of Concord, is at the Orton.

— Mr. D. N. Oliver, of Dillon, S. C., was at the Orton yesterday.

— Mr. J. A. Cavanaugh, of Wallace, N. C., was here yesterday.

— Mr. R. J. Hester, of Elizabethtown, N. C., was in the city yesterday.

— Mrs. Ira B. Andrews and children, of Atlanta, are guests of Mr. J. H. W. Bonitz.

— Mr. and Mrs. Samuel A. Matthews left yesterday for Cronly, N. C., their future home.

— Little Miss Lizzie Branch returned yesterday evening from a visit to relatives at South Washington.

— Mr. S. C. Morton left last evening for a few week's well earned vacation, which he will spend at Atlanta, Birmingham and Little Rock.

Mr. J. W. Morris and children, of Fremont, spent Sunday in the city with their relative, Mr. G. D. Phares, on Front street.

— Miss Hattie Ray, of Raleigh, is the guest of her sister, Mrs. J. T. Burke. Dr. O. L. Ray, of Raleigh, is also here to attend the Medical Society meeting.

— Mr. Rufus B. Penny who has been connected with the Newport News Ship Building and Dry Dock Co. as machinist for the past sixteen months, has accepted a position with the T. R. Kerr Lumber Co., of Jacksonville.

Death of a Young Girl.

Mr. and Mrs. George W. Millis have the tenderest sympathy of many friends in the death of their daughter, Miss Annie Lee Millis, aged 18 years, one month and nine days, which occurred last night at 8:25 o'clock after a nine-weeks' illness with marasmus. The parents were devoted to her and her death is a sad blow to them. The funeral will be conducted at 4 o'clock this afternoon from the family home by Rev. Jno. H. Hall, pastor of Fifth Street M. E. Church, and the remains will be laid tenderly to rest in Oakdale.

Comes From Raleigh.

Mr. N. E. Bradford, of Raleigh, has succeeded Mr. Geo. T. Haynes as manager of the Life Insurance Company of Virginia, in this city, and Mr. Haynes, promoted to district supervisor, has been assigned to North Carolina territory, with headquarters at Raleigh. Mr. Bradford arrived yesterday and has entered upon his duties. He is a man of wide experience in the insurance field and is cordially welcomed to the city.

DIED.

LIPPITT—In New York on the evening of Friday, June 6, 1902, Mrs. ATHALIA B. LIPPITT, the widow of the late Jno. E. Lippitt, formerly resident of this city.

Funeral from St. James' Church this afternoon at 4.30 o'clock, to which relatives and friends are invited.

FRITCHARD—At his home in this city last night, June 7th, at 9.12 o'clock, LAURISTONE LEVERING FRITCHARD, in the 39th year of his age.

Funeral this (Tuesday) afternoon at 5 o'clock, from his late residence, No. 414 Orange street, thence to Oakdale cemetery. Friends and acquaintances invited.

NEW ADVERTISEMENTS.

St. John's Lodge No. 1, A. F. & A. M.

REGULAR MONTHLY COMMUNICATION this (Tuesday) evening at 8.00 o'clock. By order of W. M.
Visiting Brethren are cordially invited to attend.

FREE!

A BOTTLE OF

STUART'S GIN AND BUCHU

Cures Kidney and Bladder Troubles, Rheumatism, Etc.—Deep-seated Cases a Specialty.

Send no money; simply write and try Stuart's Gin and Buchu at our expense. A personal trial is better than a thousand printed testimonials.

Death soon follows from diseased kidneys unless a cure is made by taking the old, reliable Stuart's Gin and Buchu. The following symptoms indicate the approach of Bright's disease or diabetes and kidney trouble: Puffy or dark circles under the eye; sallow, yellow complexion; dull, heavy headaches; dizzy, tired feeling; faint spells; pain or dull ache in the back; urine cloudy, milk-like or stringy, dark in color or offensive; painful, scalding sensation in passing urine; obliged to go often during the day or night. There is a cure in Stuart's Gin and Buchu. It is the one remedy you can rely on. It will correct all these symptoms and permanently cure even Bright's disease after all other treatments fail. Stuart's Gin and Buchu will neutralize the urine and cause it to flow in a perfectly natural manner, thus carrying out of the kidneys all the impurities which are the direct cause of much ill health. A high grade kidney cure. The most perfect made. Stuart's Gin and Buchu thoroughly tested for past 30 years. It gives life, power, and vigor to the kidneys, thus making the blood red and nourishing. It will cure the worst form of rheumatism. Try this grand old remedy. Druggists or by express, prepaid, $1. It cures where all else fails. To prove it cures we have set aside 15,000 bottles to give away to sufferers. A sample bottle of Stuart's Gin and Buchu sent free by writing Stuart's Drug Co., Atlanta, Ga. Don't hesitate to write for a bottle, as there are no conditions. A request on a postal card will do. So write now while you think of it.

The Morning Star.

BY WILLIAM H. BERNARD

WILMINGTON, N. C.

TUESDAY MORNING, JUNE 10.

J. J. HILL ON PROTECTION.

J. J. Hill, president of the Great Northern Pacific Railway, delivered an address in Chicago last Wednesday night at the dinner of the Illinois Manufacturers' Association, on "Commercial Expansion," which was devoted mainly to picturing the possibilities of trade with the Eastern hemisphere and its prospective value. He believes that the possibilities of trade with the Orient are practically unlimited, and therefore believes that the energies of our manufacturers and commercial bodies should be especially exerted in that direction and with that aim.

Being the President of and largely interested in a great railroad system, which spans the continent and has expended much money in establishing termini on the Pacific with a direct view to oriental business he is, of course, interested in its growth and magnitude and therefore speaks forcibly and earnestly on it. That he is honest in his views may be taken for granted from the fact that his company worked with that object in sight and has great steamships running to oriental ports in connection with its railroad. This shows that he believes in the possibilities that he pictures. In the course of that address he referred to the protective tariff, which has become a very absorbing question in this country. He said:

"We have enjoyed all the benefits of a protective tariff for many years and whatever good it can do in the way of building up infant industries has already been accomplished. The growth of our enormous iron and steel industries, which are pointed out as the result of our protective tariff, can be more surely traced to our enormous resources in the iron mines of Michigan, Wisconsin and Minnesota than from all other sources.

Mr. Hill was talking to an association of manufacturers when he told them that they had enjoyed the benefit of the protective tariff for many years and that all the good it could do in the way of building up our infant industries had already been accomplished. Mr. Hill doesn't believe in the "infant" business after the infants become large enough to wear number ten boots and a number eight hat. His talk reads very much like the talk of the average Democratic reformer; but he is not a Democrat. We do not know that he is a Republican; as we size him up he is one of those gentlemen who has opinions of his own on economic policies and is governed by those opinions without regard to party declarations. But on this question he was talking like a Democrat and was simply echoing what had been said times without number by representatives of the Democratic party in opposing protection for protection's sake.

The Republican protection advocates eulogize the protection given by the tariff as the main in fact *the* cause of the great development of our manufacturing and other industries, the expansion of our commerce, the return of prosperity, and everything else. But Mr. Hill stated the case tersely and truly when referring to the claims made for the tariff as the great promoter of our iron and steel industries, he said: "The growth of our enormous iron and steel industries, which are pointed out as the result of our protective tariff, can be more easily traced to our enormous resources in the iron mines of Michigan, Wisconsin and Minnesota, than from all other sources." In the States that he refers to and in some others, (Alabama, for instance,) iron can be mined and delivered at the mills at less cost than in any other country in the world, and after that it can be converted into pig and bar and steel at less cost than it can be anywhere else in the world, and after that, with American skill, time-saving methods and labor-saving machinery, it can be manufactured into machinery and other finished forms at less cost than it can be done anywhere else in the world. This, and not the protective tariff, has made it possible and practicable for our iron and steel manufacturers to compete with the world, and to make the remarkable progress they have in exporting their products. This tariff gave them control of the home market, but it could never give them control of or a foothold in foreign markets, but on the contrary has been somewhat of a handicap on them.

But the supporters of the Dingley tariff contend that it must not be touched, for to touch it would be to paralyze our industries, even those which have demonstrated their ability to compete with the world notwithstanding the "cheap pauper labor" about which we have heard so much. Even the great steel trust which last year made a profit of $111,000,000 would be ruined if it were deprived of tariff protection, for has not Senator Hanna, speaking for the Trust, declared that the withdrawal of protection from steel would stock this country with steel from Canada, which means that the Canadians could undersell the steel makers of this country who have already demonstrated their ability to make steel more cheaply than it can be made anywhere else. They would have to sell it cheaper if they undertook to compete with our steel makers. That's what the agents and spokesmen of the Trust are afraid of. If steel were free of duty then the Trust would have to reduce its home prices to compete with steel makers of Canada and or other countries who shipped their manufactures to this country. In such event the Trust's loss would be the country's gain.

Mr. Hill has effectively in this paragraph answered the clamorers for high tariff protection to "foster our infant industries." The infants have outgrown the bottle.

WILL AMOUNT TO NOTHING.

The Trust question will be one of the leading issues in the next campaign, and when the Republicans are confronted with it they will quote their State platforms in which they condemn trusts and pledge themselves to crush them, and they will "point with pride" to the action taken by the law department of the government which has brought the Beef Trust to bay, and through its attorneys secured restraining orders from the federal courts in Chicago and from the State courts in New York.

But the law department of the government is not entitled to as much credit for this as are the New York journals, in the lead of which was the New York *Herald*, which secured the proof and the testimony on which the action in the courts was taken and which made success an easy matter as far as establishing the fact as to the existence of the Trust, within the meaning of the law, and showing up its methods.

But giving the law department all the credit it may be entitled to, and assuming that it is really in earnest and anxious to destroy this Trust, its action will amount to nothing more than driving the Trust under some other cover, and compelling it to do business in some other way to dodge the law. It will not give the people relief from extortionate prices. Since the action was begun against it the prices of meats have steadily advanced and are now two or three cents a pound higher than they were two months ago. Attorney General Knox with his corps of assistants may win in their fight, but that will simply drive the beef men into adopting some other method that would not leave them liable to prosecution under the Sherman law.

If the Republican leaders were in earnest in their fight against the Trusts they would adopt the quickest and most effective method to bring them down—by breaking the monopoly they have of the home market. They could do this with the Beef Trust in twenty-four hours if they would put meats, cattle, sheep, etc., on the free list and thus give consumers the benefit of competition, which is barred out by the Dingley tariff. They cannot take any credit to themselves for their proceedings against the Beef Trust, while they refuse to touch the monopoly that the Beef Trust has.

SILK WORM COCOONS.

As a matter of interest to our readers who may have tried the experiment of raising silk cocoons we publish the following sent out by Mr. Gerald McCarthy, Biologist of the State Department of Agriculture:

An excellent crop of cocoons seems to have been harvested by all whom we supplied with silk-worm eggs this year. The Department will endeavor to have a buyer visit Raleigh during the summer or fall to purchase cocoons.

In meantime growers are advised to choke them carefully and dry them out as is explained on pages 27 and 28 of our our Bulletin No. 131. The dried cocoons, if of good quality, should bring about $1,25 per pound. Due notice will be sent you of the date of the buyer's visit.

There is likely to be considerable demand for eggs next Spring at about $2.00 per ounce. But we cannot guarantee this. We advise everybody to select at least 200 of the best and finest cocoons and from these raise one ounce of eggs, but not more, unless there is assurance of sale for the eggs in your own neighborhood.

Your attention is called to the premiums offered for silk by the State Fair. You will have a fair chance to secure one or more of these. Copies of the advance premium list may be had by addressing C. B. Denson, Raleigh, N. C.

This looks like a pretty good start in this industry, good enough to be encouraging. It is but the first step, however; but with three silk mills in the State, and another being built, it seems to us there should not be much trouble in disposing of the cocoons or of the reeled silk. Imported raw silk sells at about $2 a pound.

Mary Elizabeth, formerly Mrs. Lease, says she will never marry again, but threatens to continue in public life five years longer, until her youngest son, Ben Hur, comes of age. She says she became inspired with ambition about two weeks before Ben was born, so that he is in a measure responsible for it. Old man Lease, who had no ambition outside of his medicine shop, says that was all that was the matter with her; but that made the split and they separated.

The Ocala, Fla., *Banner* can't understand why so few sheep are raised in Florida. Perhaps it is because they raise too many dogs.

The Danger Period for the Nervous and Broken Down in Health is Rapidly Drawing Nigh.

PAINE'S CELERY COMPOUND

Banishes all Symptoms of Disease and Nourishes the Nervous System.

Paine's Celery Compound has saved thousands of people from nervous prostration and collapse brought on through sleeplessness, weakened nerves, and impoverished blood. The great medicine has made thousands well. It has conquered weakness and ill health when everything else has failed.

This is the time when nervous debility and nervous prostration begin to manifest themselves. The coming hot weather will only add fuel to the fire of suffering and disease.

If there is mental depression, loss of energy, lack of vivacity, dulness of the eyes, blanched cheeks and lips, confusion in the head, defective memory, love of solitude—all these are direct indications of coming nervous collapse, and call for the immediate use of that nerve feeder, strength giver, and blood enricher, Paine's Celery Compound. This Heaven-sent prescription is a peerless remedy for your dangerous troubles. President T. J. Shaffer, of the Amalgamated Association of Iron and Steel, and the Tin Workers of the United States, writes from Pittsburg, Pa., as follows:—

"In 1899 I was compelled to abandon my profession because of nervous prostration consequent upon exposure, hard study, and over-work. A number of physicians declared I would never recover, but I tried Paine's Celery Compound, and in less than a year increased in weight from 141½ to 215 pounds. During the recent strike of the Steel Workers, finding myself ready to collapse, and fearing a recurrence of my former trouble, I returned to my former friend, Paine's Celery Compound, and already am feeling more vigorous and able to meet and discharge the duties of my office.

TWINKLINGS.

— It will be seen at a glance that the eagle's mouth is fitted for screaming rather than licking revenue stamps.—*Puck.*

— All in the Game: "Yes, he proposed to her during a two-handed game of cards." "Well, no doubt she played right into his hands."—*Baltimore American.*

— "It says here, Samanthy, thet Rev. Toogood was a saloon passenger on the Majestic. Beats all how them preachers do cut up when they git away from hum."—*Judge.*

An Exploit: "Is he a skilled physician?" "Is he? Why he straightout one man's fingers so that you couldn't tell he was a baseball pitcher."—Town and Country.

— Melancholy Proposal: Hook—"Jones is the most melancholy fellow I know." Rook—"I should think so, indeed. He proposed to a girl once by asking how she would like to be widow."—*Tit-Bits.*

— No Longer the Nightmare: He was strictly up to date. "You didn't sleep well," his wife told him in the morning. "No," he answered dismally. "I had a night automobile."—*Chicago Evening Post.*

— Remus—Who took de cake down at dat swell cake-walk? Sam—Bill Jones. Remus—But Bill wasn't invited. Sam—I know, but he ran his hand fro de window an' took de cake when nobody was lookin'.—*Chicago Daily News.*

— "When people learn how much money papa has," tittered the heavy-set heiress, "they always say something about my attractive figure." "And," inquired the foolish youth, "do they calculate it in pounds or dollars?"—*Baltimore American.*

— Exorbitant—Litigant—"What will you charge me for taking the case?" Lawyer—"It ought to be worth a hundred, but I'll do it for you for an even sixty." Litigant—"Sixty dollars? Great Croesus! I can buy a whole jury for that!"—*Chicago Tribune.*

"I think," said the sweet young thing to the manager of the amateur theatricals, "that you ought to cast Mr. Wilkins and me for the lovers." "Why," he asked, "Because—because—well, it will be easier you know, for we've had a good many rehearsals already.—Chicago Post.

— "Can you say that you actually earned every dollar you ever got?" "No," answered Senator Sorghum. "I can't go that far. But I can say that I never took a dollar that I didn't think I was just as honestly entitled to as the fellow I compelled to git it up."—*Washington Star.*

— Mrs. Richmond—"I never was so disappointed in all my life!" Mrs. Bronxborough—"What is the matter?" Mrs. Richmond—"I heard there was an awful scandal in our church, and come to find out it was only that the treasurer had been misappropriating the funds."—*Punch.*

It Dazzles the World.

No discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption. It's severest tests have been on hopeless victims of Consumption, Pneumonia, Hemorrhage, Pleurisy and Bronchitis, thousands of whom it has restored to perfect health. For Coughs, Colds, Asthma, Croup, Hay Fever, Hoarseness and Whooping Cough it is the quickest, surest cure in the world. It is sold by R. R. BELLAMY, druggist, who guarantees satisfaction or refund the money. Large bottles 50 cents and $1.00. Trial bottles free.

For over Sixty Years

MRS. WINSLOW'S SOOTHING SYRUP has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, soften the gums, and allays all pain; cures wind colic, and is the best remedy for diarrhœa. It will relieve the poor little sufferer immediately. Sold by druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

You Know What You Are Taking

When you take Grove's Tasteless Chill Tonic, because the formula is plainly printed on every bottle, showing that it is simply iron and quinine in a tasteless form. No cure, no pay. Price, 50c. sa tu th

Dr. PIERCE'S FAVORITE PRESCRIPTION FOR WEAK WOMEN.

SPIRITS TURPENTINE.

— Kinston *Free Press*: John Wesley Whitney, a colored boy about 8 years old, was drowned in the river near Parrott's bridge at noon Friday. A small colored boy who was with him claims he was pushed into the water by a white boy, whose name he did not know. The boy's story is discredited.

— Charlotte *News*: Officer Farrington left Tuesday morning for Salisbury, having in custody Zellas Hoskins, colored, who is wanted at Salisbury for the murder of Flynn Henderson, colored. The tragedy was enacted last December. Officers Farrington and Earnhardt learned Thursday that Hoskins was in the Greenville settlement, and they straightway went and found him.

— Statesville *Landmark*: Wheat harvest is near at hand and according to all reports the crop in this section will not average more than one-half. In a few fields, in some localities, there is a fair prospect, but on the whole the crop is very poor. —— The dry weather is getting to be a serious problem. Garden vegetables are drying up. The most serious matter in field crops is that in some sections late planted cotton has never been able to get up on account of the drought, and in some places there is a very poor stand of cotton. Early planted cotton, which got a start before the dry weather, is doing very well.

— Fremont *Visitor*: Last Tuesday morning a negro broke into the house of Mrs. Octavia Aycock, who lives about five miles west of Fremont, and broke open the trunk and stole $30 in money, while she and her children were in the field at work. He was traced to Fremont where the citizens caught a glimpse of him and gave him a hot chase, firing at him twice, but he proved too swift-footed and escaped in the woods. Sheriff Scott was at once 'phoned for and came on the noon train. He made a close search for the negro and found that he lived in Kenly and was wanted for stealing $10 there.

—Durham *Sun*: C. J. Cole has discovered coal on his land in Orange county. The discovery was made about a month ago while plowing land to plant corn, and a vein was struck a foot or so beneath the surface of the ground. Mr. Cole, who was in the city Thursday night, showed our reporter a lump of the coal that was plowed up. It is anthracite coal, and appears to be of good quality. Parties who have examined the sample pronounce it to be an excellent grade, if they are capable of judging. So busy has Mr. Cole been with his farming operations that he has not had time to follow up and open the vein. He expects to look over the prospects. The newly discovered mine lies several miles from the Southern road.

Greensboro *Record*: Friday afternoon at a little after five o'clock George Blount shot and killed Tom Reynolds. With a number of other negroes these men were at work at Kirkpatrick's brickyard, two miles or more northwest of the city. As a shower of rain came up the men scampered to cover with their wheelbarrows. As they did so the wheelbarrows of Blount and Reynolds came together and Blount contended he was hurt and that it was Reynold's fault. After getting under the shelter the men kept quarreling over the incident and finally Blount went over to his shanty close by, got his pistol came back and fired twice at Reynolds. The first shot missed its mark, but the second hit Reynolds in the lower part of the heart. He walked around a moment or two and showed where he was shot, but soon fell and was dead. Immediately after the shooting Blount started off and was followed by three or four negroes, but after going a short distance Blount turned, drew his pistol and told them if they continued their pursuit what they might expect. He had just recharged his pistol, and the men following needed no further admonition and dropped the chase right there.

CURRENT COMMENT

—— The Boers who remained at home and did fighting have anything but the best of feeling for the gentlemen who ran away and prolonged the war by misrepresenting to them the possibility of securing intervention. It appears from the experiences of the various envoys that the Boer cause was Webster Davisized in about every country they visited.—*Washington Post, Ind.*

—— Lord Kitchener frankly told the Boer generals that had he made as good a fight as they did, he would be proud of the record. He manfully complimented their courage, brilliancy and perseverance; and it greatly pleased his late enemies. The British general is a virile, strenuous soldiers; and with these qualities he has sound sense and the heart of a generous Briton.—*Chattanooga Times, Ind.*

—— "Nicaragua," says the Buffalo News, "is growing nervous since attention has been called to the volcano belt by the Martinique disaster, and is offering the canal route at bargain prices. But can we afford to buy volcanoes at any price?" We do not know. There is the Philippine instance, and it has not yet been determined just how large the profits of the venture will be. We are out of pocket only about $300,000,000, so far.—*Charleston News and Courier, Dem.*

—— The Democrats of Indiana make Tariff Reform the issue against the Trusts and the Republican party. Instead of making the Republican pretense of a report to more or less futile Federal and State Anti-Trust laws and injunctions, the Indiana Democracy denounces the Kingley tariff law as the breeder of Trusts and demands that tariff duties shall be levied for revenue only. In the coming elections for Congress in the West there can be no popular misapprehension in regard to this plain issue with monpoly, its beneficiaries and its champions.—*Philadelphia Record, Dem.*

— "No, I'm not very well impressed with the house," said the prospective tenant. "The yard is frightfully small; there's hardly room for a single flower bed." "Think so?" replied the agent; "but—er—mightn't you use folding flower beds?"—*Glasgow Evening Times.*

Blown to Atoms.

The old idea that the body sometimes needs a powerful, drastic, purgative pill has been exploded, for Dr. King's New Life Pills, which are perfectly harmless, gently stimulates the liver and bowels to expel poisonous matter, cleanse the system and absolutely cure Constipation and Sick Headache. Only 25 cents at R. R. BELLAMY'S drug store.

CASTORIA. Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

THE ENERGETIC HEN.

Why She Didn't Object to Rooster's Clamor Over Her Egg Laying.

There was Once an Energetic Hen who paid Strict Attention to Duty, and never was below the Average in her Daily Output of Eggs.

Each time that she Laid an Egg a Rooster would Crow Lustily and excitedly and Announce the Fact to the World.

Now, there were Certain Hens that belonged to the Gossip Brigade, and they were Filled with Envy because of This.

So they went to the Energetic Hen and said:

"We think it Just Awful the way Mr. Rooster takes all the Credit for your Success. Every day he Crows and Exults over What is Really your Achievement."

But the Energetic Hen smiled Cheerfully and Answered:

"Do not Lose any More Sleep over it, for he is my Press Agent."

COTTON MARKETS.

By Telegraph to the Morning Star

NEW YORK, June 9.—The cotton market opened quiet with prices three points lower to two points higher, this being about the response due to weak Liverpool cables as concerns the Summer months. Whereas there were few buying orders in evidence on the call, the market almost immediately sprung into activity and rapidly advanced on a scare of shorts, based largely upon crop complaints from various portions of the belt. The weather chart failed to note the rains predicted Saturday last and the official forecast did not indicate any rain storm of note in any section of the belt. Southern and foreign buying helped to advance July to 8.75 and August to 8.53 before 10:30 o'clock; for the balance of the forenoon the market was disposed to readily reflect demand from either side. Liverpool rallied from the midday decline and closed with the feeling steady. Claims that spot cotton was in fairly good demand for export in the South and in Liverpool came forth on the advance. Drought, cool nights and insects were mentioned in the dispatches from the Carolinas, while hot winds, boll weevil and need of rain were reported from portions of Texas. In the afternoon the market slowly lost most of the forenoon advance under profit-taking by room longs and absence of healthy support from the public. In the last five minutes prices broke two to four points on Summer months. The close was barely steady, with prices net four points lower to six points higher, June alone showing the extreme decline. Trading for the day was limited to about 75,000 bales.

NEW YORK, June 9.—Cotton quiet at 9¼c; net receipts 83 bales; gross receipts 3,558 bales; stock 169,951 bales.

Spot cotton closed quiet and steady; middling uplands 9¾c; middling gulf 9¼c; sales 3,428 bales.

Futures closed barely steady: June 8.85, July 8.69, August 8.45, September 8.06, October 7.93, November 7.85, December 7.85, January 7.85, February 7.86, March 7.89.

Total to-day—Net receipts 3,476 bales; stock 388,180 bales.

Consolidated—Net receipts 6,801 bales; exports to Great Britain 392 bales; exports to France — bales; exports to the Continent 10,650 bales.

Total since September 1st.—Net receipts 7,400,677 bales; exports to Great Britain 2,935,213 bales; exports to France 707,006 bales; exports to the Continent 2,572,857 bales.

June 9.—Galveston, steady at 9¼c, net receipts 962 bales; Norfolk, quiet at 9¼c, net receipts 101 bales; Baltimore, nominal at 9¾c, net receipts 702 bales; Boston, quiet at 9¾c, net receipts 50 bales; Wilmington, steady at 9c, net receipts 5 bales; Philadelphia, steady at 9¾c, net receipts — bales; Savannah, steady at 9¼c, net receipts 434 bales; New Orleans, firm at 9¼, net receipts 1,912 bales; Mobile, nominal at 9¼, net receipts 5 bales; Memphis, quiet at 9c, net receipts 18 bales; Augusta, quiet at 9 3-16, net receipts 28 bales; Charleston, quiet and nominal, net receipts 7 bales.

PRODUCE MARKETS

By Telegraph to the Morning Star.

NEW YORK, June 9.—Flour was dull and easier, closing 5@10c lower to sell. Rye flour quiet; fair to good $3 20@3 45. Wheat—Spot easy; No. 2 red 77⅞c. Options closed heavy at ¼@⅝c net decline; July closed 77⅝c; September 75⅜c; December 76⅞c. Corn—Spot easier; No. 2 69¼c. Options closed weak at ½c net loss. The sales included: July closed 67½c; September closed 63½c; December closed 49¼c. Oats—Spot easier; No. 2 46c. Options were dull and easier on the crop outlook. Lard was quoted firm; Western steam $10 70; refined firm; continent $10 90; South American $11 50; compound 8¼@8¾c. Pork firm; mess $19 25@19 50; short clear $18 75@21 35; mess $18 50@19 00. Butter was steady; creamery 19½@22c; State dairy 18@21c. Eggs were steady; State and Pennsylvania 17@18c; Southern 13½@14½c. Potatoes quiet; State and Western, per sack, $1 75@1 87½; Southern prime, per barrel, $2 75@3 50. Rice quoted steady. Coffee—Spot Rio quiet; No. 7 invoice 5¼c; mild steady; Cordova 8@11¼c. Cotton seed oil was steady with lard products but quiet at former prices: Prime crude, f. o. b. mills 37c; prime summer yellow 45½c; off summer yellow 45c; prime white 48½c; prime winter yellow 49@50c; prime meal $28 50@29 00, nominal.

CHICAGO, June 9.—Sunshine came to cheer the grain bears to-day. Fears they had expressed over the possibilities of a wet harvest were banished and the bulls ceased to give any advancing support when they heard the heavy rains had stopped. As a result wheat slumped. Corn was carried down with the leading cereal but was held up to some extent by the muscle of the big bull party. At the close July wheat was 1@1⅛c lower; July corn ½@⅝c lower and July oats ⅛@⅜c down. Provisions closed 5@7½ to 20c up.

CHICAGO, June 9.—Cash prices: Flour easy. Wheat—No. 3 —c; No. 3 spring 71¾c; No. 2 red 79@80c. Corn—No. 2 —c; No. 2 yellow 64¾c. Oats—No. 2 42@43½c; No. 2 white 45¼@46½c; No. 3 white 45@46c. Mess pork, per barrel, $17 60@17 65. Lard, per 100 lbs., $10 30@10 32½. Short rib sides, loose, $10 30@10 40½. Dry salted shoulders, boxed, $8 00@8 25. Short clear sides, boxed, $10 70@10 80. Whiskey-Basis of high wines, 1 30.

The leading futures ranged as follows—opening, highest, lowest and closing: Wheat—No. 2 July 71¾@71¾; 71¾, 71¼, 71¾@71¾c; September 70¼@70¾, 69¾, 69¾, 69¾@69¾; December 71⅝@71⅞, 71¾, 71¼, 71¼@61¼c. Corn—No. 2, July 62¾@72¾, 63¼, 62½, 62c; September 58¼@58½, 58⅝, 58¼, 58¼@58¼; December 44¼@44⅝, 44¾, 44@44⅝c. Oats—July, old, 36¼, 36⅝, 35¾, 36¾c; July, new, 38¾, 38¾, 38, 38¼c; September, old, 28¼@28¼, 28¾, 28¾, 28¾; September new, 30¼@30¼, 30¾, 30¼, 30¼c; December, new, 30¼, 30¼, 30¾, 30¾c. Mess pork, per bbl—July $17 50, 17 57½, 17 47½, 17 50; September $17 50, 17 62½, 17 50, 17 60. Lard, per 100 lbs—July $10 37½, 10 37½, 10 27½, 10 32½; September $10 30, 10 40, 10 30, 10 35. Short ribs, per 100 lbs—July $10 20, 10 40, 10 20, 10 37½; September $10 10, 10 25, 10 10, 10 22½.

FOREIGN MARKET

DEMOCRATIC PLAN OF ORGANIZATION.

1. The unit of county organization shall be the voting precincts. In each precinct there shall be an executive committee, to consist of five active Democrats, who shall be elected by the Democratic voters at the several precincts in the meeting first called by the county executive committee. And said committee so elected shall elect one of its members as chairman, who shall preside at all committee meetings.

2. The chairmen of the several precinct committees shall compose the county executive committee, which shall meet at the same time and place as the county convention first held in each election year, and elect a chairman of said county committee who need not be a member of the committee, and he shall preside at all meetings of said committee, and shall hold his place until his successor shall be elected. A majority of said precinct chairmen, in person, or by proxy, shall constitute a quorum. The county committee shall likewise appoint a central committee of five, who shall act in its stead when the county committee is not in session.

3. In case there shall be a failure on the part of any precinct to elect its executive committee for a period of thirty days, the county executive committee shall appoint said committee from the Democratic voters of said precinct.

4. The members of the precinct committee shall elect to any vacancy occurring in said committee.

5. The county executive committee shall call all necessary conventions by giving at least ten days' notice by public advertisement in three public places in each precinct, at the court house door, and any Democratic newspapers that may be published in said county, requesting all Democrats of the county to meet in their respective precincts on a common day therein stated, which said day shall not be less than three days before the meeting of the county conventions, for the purpose of electing their delegates to the county conventions. Thereupon the meeting so held shall elect their delegates to represent the precincts in the county convention from the voters of the respective voting precincts, which delegates, or such of them as shall attend, shall vote the full Democratic strength of their respective voting precincts on all questions that may come before said county conventions. In case no meeting shall be held in any precinct in pursuance of said call, or no election shall be made, the precinct executive committee shall appoint such delegates.

PRIMARIES.

6. At every precinct meeting there shall (before the delegates to the county convention are elected) be a vote taken for the different candidates for office, whose names may be presented and the delegates shall vote in the county convention of their respective districts in accordance with this vote; that is to say, each candidate shall receive in the county convention that proportion of the vote to which the precinct may be entitled which he received in the precinct meeting. The chairman and secretary of the precinct meeting shall certify to the county convention the vote received by each candidate at the precinct meeting.

7. Each precinct shall be entitled to cast in the county convention one vote for every twenty-five Democratic votes, and one vote for fractions of thirteen Democratic votes cast by the township at the last preceding gubernatorial election. Provided, that every voting precinct shall be entitled to cast one vote, and each precinct may send as many delegates as it may see fit.

8. The chairmen of the precinct committees shall preside at all precinct meetings. In their absence any other member of said committees may preside.

COUNTY AND DISTRICT CONVENTIONS

1. The several county conventions shall be entitled to elect to their senatorial, judicial and congressional conventions one delegate and one alternate for every fifty Democratic votes, and one delegate for fractions of over twenty-five Democratic votes cast at the last preceding gubernatorial election in their respective counties; and none but delegates or alternates so elected shall be entitled to a seat in said conventions: Provided, further, That in all county conventions in which delegates shall be selected to attend any State, congressional, judicial or other convention, a vote shall be taken in accordance with the plan of organization as to the candidates whose names may be presented to such county convention. The delegates shall be selected from the friends and supporters of each candidate voted for, in proportion to the number of votes he shall receive in such county convention and no other instruction shall be given: Provided further, That when only one candidate is presented and voted for at each county convention it shall be lawful to instruct for such candidate.

2. At every county convention (before delegates to State, congressional, judicial, senatorial or other conventions are chosen) there shall be a vote taken for the different candidates for office whose names may be presented and the delegates shall vote their respective counties in accordance with this vote, that is to say each candidate shall receive in the State, congressional, judicial, senatorial or other convention the proportion of the vote to which the county may be entitled which he received in the county convention. The chairman and secretary of the county convention shall certify to each convention the vote received by each candidate given: Provided, That where only one candidate is presented it shall be lawful to instruct for him. At all State and district conventions the delegates from the different counties may disregard the vote of their respective counties as to any candidate: Provided, That a two-thirds majority of all his votes from the county consent.

3. The chairman, or in his absence any member of the county, senatorial, judicial and congressional convention shall call to order their respective conventions and hold chairmanship thereof until the convention shall elect its chairman.

4. The executive committees of the senatorial, congressional and judicial districts, respectively, shall, at the call of their respective chairmen, meet at some time and place in their respective districts, and the chairmen of said respective committees shall immediately notify the chairmen of the different county executive committees of the said appointment and the said county executive committee shall forthwith call conventions of their respective counties in conformity to said notice to send delegates to said respective district conventions.

STATE CONVENTIONS.

The State convention shall be composed of delegates appointed by the several county conventions. Each county shall be entitled to elect one delegate and one alternate for every one hundred and fifty Democratic votes and one delegate for fractions over seventy-five Democratic votes cast therein at the last preceding gubernatorial election; and none but delegates or alternates so elected shall be entitled to seats in said convention: Provided, That every county shall have at least one vote in the convention.

Resolution passed at meeting of executive committee, November 30, 1897:

"*Resolved*, That in accordance with the resolution hereinbefore adopted, all white electors who intend to vote with us in the next election, and who desire the re-establishment of Anglo-Saxon supremacy and honest government in North Carolina are cordially invited to participate in all our primaries and conventions."

GENERAL RULES.

1. At all conventions the delegates shall be selected as near as may be from the friends and supporters of the candidates voted for.

2. Such delegates—or alternates of absent delegates—as may be present at any Democratic convention shall be allowed to cast the whole vote to which their precinct or county may be entitled.

3. In all conventions provided for by this system, after a vote is cast, there shall be no change in such votes until the final result of the ballot shall be announced by the chairman of said convention.

4. All Democratic executive committees shall have the power to fill any vacancies occurring in their respective bodies.

5. The chairmen of the different county conventions shall certify the list of delegates and alternates of the different district and State conventions, and a certified list of said delegates and alternates to the secretary of the State central committee.

6. It shall be the duty of the county committee and its chairman to furnish such information and make such reports to the chairman of the State committee as he may desire.

F. M. SIMMONS,
Chairman State Democratic Executive Committee.
P. M. PEARSALL, Secretary.

Strikes a Rich Find.

"I was troubled for several years with Chronic Indigestion and Nervous Debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. IS YELLOW POISON

in your blood? Physicians call it Malarial Germ. It can be seen changing red blood yellow under microscope. It works day and night. First, it turns your complexion yellow. Chilly, aching sensations creep down your backbone. You feel weak and worthless.

ROBERTS' CHILL TONIC

will stop the trouble now. It enters the blood at once and drives out the yellow poison. If neglected and when Chills, Fevers, Night-Sweats and a general break-down come later on, Roberts' Tonic will cure you then—but why wait? Prevent future sickness. The manufacturers know all about this yellow poison and have perfected Roberts' Tonic to drive it out, nourish your system, restore appetite, purify the blood, prevent and cure Chills, Fevers and Malaria. It has cured thousands—It will cure you, or your money back. This is fair. Try it. Price, 25 cents.

THE INDEPENDENT ICE COMPANY.

Extends its thanks to the public for the very liberal patronage it has received since beginning operations six weeks ago. For a brand new enterprise starting in a field against well entrenched competition we feel justly proud of the business done thus far, but as the season has just fairly opened we wish to make a few remarks like these: "It shall be our aim to merit the continuous patronage of the public by dealing fairly and squarely at all times by weighing Ice as delivered—by offering a choice high grade, very hard frozen article free from impurities, by serving our customers promptly and in an accommodating spirit, and finally we promise that our prices shall be all right. If there is anything else we can offer the public, kindly let us hear from you.

Very truly yours for good hot weather.

THE INDEPENDENT ICE CO.

W. E. WORTH & CO.

Invite the attention of the public to the following facts:

March 17, the following prices were put out quietly by our competitors:		March 18th, we openly announced our prices as follows:	
10, 15 and 25 lb. Tickets	40c pr 100	10 and 15 lb Tickets	40c pr 100
50 pound "	35c pr 100	25 and 50 lb "	35c pr 100
100 pound "	30c pr 100	100 "	25c pr 100
300 pound block	75c pr blk	300 pound block	70c pg blk
1,000 to 2,000 pounds	25c pr 100	1,000 to 2,000 pounds	20c pr 100

No compression Ice Machine does or can make, as pure Ice as Absorption Machines, and none better than we make can be offered this public. We know this from seventeen years experience. The question of profit has been eliminated, but we propose to sell you as good Ice as any one else, and at as low a price.

We respectfully solicit your patronage.

The Seashore Hotel,

WRIGHTSVILLE BEACH, N. C.

Opens for the Summer, June 1st.

For the coming season of 1902 we have added sixty large airy bedrooms, twenty en suite, with private baths, bowling alley, pool and billiard hall. Hotel being but a few yards from old ocean's edge renders it cool and comfortable at all times.

No Malaria, No Mosquitoes, No Flies.

The finest bathing, boating and fishing along the Atlantic coast. The cuisine will be thoroughly up-to-date, embracing everything in the way of delicacies in sea foods and choice edibles. Artesian water. Music the entire season by Professor Hollowbush's New York orchestra of eight pieces. No more delightful resort in the South. Write for descriptive booklet, rates, etc.

The Morning Star.

WILMINGTON, N. C.

TUESDAY MORNING, JUNE 10.

DESPERATE PRISONERS MADE THEIR ESCAPE.

After Killing Three Guards at the State Penitentiary in Salem, Ore.—Men in Search of the Murderers.

By Telegraph to the Morning Star.

SALEM, OREGON, June 9.—Two desperate prisoners—Harry Tracey, sentenced to twenty years, and David Merrill, a thirteen-year man—serving sentences for assault and robbery committed in Multnomah county, escaped from the penitentiary to-day after killing three guards, Frank Merrill, shop guard; S. R. Jones, and Ben Tiffany, fencemen.

The prisoners employed in the foundry were marched to work at 7 o'clock and had entered the moulding room with Shop Guard Ferrell inside and Guard Stapleton in an adjoining room. Without warning, Tracey and Merrill appeared with rifles. Tracey aimed at Merrell, when Ingram, a prisoner, attempted to reach and life disarm Tracey. Instantly Ingram and Tracey shot Merrell, the latter dying almost instantly. Tracey and Merrell scaled the wall near the northeast corner of the stockade by a ladder. From outside the wall Guard Jones was shot twice and killed. Tiffany was also shot and he dropped from the fence, engaging the fugitives in a fight. His gun was soon emptied and he was taken by the convicts and used as a shield while they made for the timber. When out of range of the prison, they stopped and deliberately killed Tiffany, escaping into the timber immediately.

Duncan Ross, a new guard, was on the fence near Tiffany having been ordered up to relieve the latter. Ross was unarmed and the convicts shot at him, one bullet striking him in the forehead, inflicting a slight scalp wound.

A large force of men is now searching for the fugitives.

Great excitement prevails in this city and scores of men are leaving for the woods, armed and determined to run the murderers down.

PAPAL CONSISTORY AT ROME.

New Cardinals and Several Bishops Appointed--Gov. Taft and Other Americans Present--Pope's Address.

By Cable to the Morning Star.

ROME, June 9.—The Pope was present at the consistory held to day. He was borne to the Sistine Chapel in the Sedia Gestatoria, surrounded by cardinals, and formally bestowed red hats on Monsignors Martinelli, formerly Papal delegate to the United States; Prince-Archbishop Skrbensy, of Prague, and Prince-Bishop von Peczyna, of Cracow. The Pontiff also appointed several bishops, including the very Rev. William J. Kenny, vicar general, of Jacksonville, Fla., as bishop of St. Augustine, in succession to the late Bishop Augustin Verotti and Rev. Philip J. Cardigan, vice rector of the Catholic University at Washington, as bishop of Sioux City, Iowa. Subsequently at the secret consistory the Pontiff delivered a short allocution.

Judge Taft, governor of the Philippine Islands and the Americans with him, were invited to witness the ceremony. The party occupied seats in the diplomatic gallery, in the Sala Regia. As the pontiff passed he recognized them and smilingly bowed to the Americans.

After thanking God for preserving his life to attain the pontifical jubilee, the Pope expressed his gratification at the pilgrimage to Rome and deplored the acts of the enemies of the Catholic faith in seeking to dechristianize Italy, particularly Rome, by spreading and protecting heresy and protestantism by writings, speeches and theatrical representations.

FIRE AT SARATOGA, N. Y.

The Arcade and Other Buildings Destroyed. Five Persons Burned to Death—The Property Loss $300,000.

By Telegraph to the Morning Star.

SARATOGA, N. Y., June 9.—Fire early to-day destroyed the Arcade and the Citizens National Bank block and the Shackelford building and caused the loss of five lives. The dead are: Mrs. Elizabeth M. Mabee, Mrs. Sarah Owens, David Howland, Mrs. David Howland, Miss Earrington. Chief Engineer Elias J. Shadwick was seriously injured while rescuing people from the building and to-night his condition is critical.

The property loss is estimated at $300,000, with insurance of $235,000.

The Arcade property was to have been sold at partition sale June 12th. It is owned by the Shoemaker estate of Cincinnati and Benjamin J. Goldsmith of this place. The exact origin of the fire has not yet been discovered.

The fire started on Broadway. That portion of the bank building occupied bp the bank was damaged only by water. The contents of the safes and deposit vaults remain intact.

ISTHMIAN CANAL PROJECT DEBATED

Senator Harris of Kansas Strongly Advocated Selection of Nicaragua Route.

SOUTHERN FOREST RESERVE.

Senator Simmons Addressed the Senate in Support of the Bill—House Proceedings—Bill Passed to Suppress Anarchy.

By Telegraph to the Morning Star.

WASHINGTON, June 9.—An interesting contribution to the discussion of the Isthmian Canal project was made in the Senate to-day by Mr. Harris, of Kansas, a member of the Committee on Inter-oceanic Canals, who is also an engineer of recognized ability. His discussion of the technical details of canal construction was listened to with profound attention. He strongly advocated the selection of the Nicaragua route. He maintained that it was entirely feasible and practicable from an engineering standpoint, and said that some of the difficulties presented by the Panama route were insuperable—notably the construction of the Bohio dam.

During the early part of the session the Naval Appropriation bill was considered. All of the committee amendments were disposed of except that relating to the construction of two additional battleships, two cruisers and two gunboats.

Senator Simmons, North Carolina, addressed the Senate in support of the bill for the establishment of a national forest reserve in the Southern Appalachian mountains. He explained that ten forest reserves had been established in the United States, but none of them east of the Mississippi river. He said the establishment of the ten forest reserves in the West was made from the public domain, while cash would have to be paid for the proposed reserve. He did not believe, however, that there was any difference between appropriating cash from the treasury and appropriating property of the government.

Senator Simmons said it had been suggested that there might be some "job" in the pending bill This he knew was not true and that there was no foundation in fact for the suggestion. The measure was essentially national in character and it was advocated as a national proposition.

At the conclusion of Senator Simmons' speech consideration was begun of the Naval Appropriation bill.

A committee amendment was offered by Senator Hale and adopted, appropriating $657,300 for the construction of buildings at the Charleston, S. C., navy yard.

The Naval bill was laid aside, and Senator Harris addressed the Senate on the Isthmian Canal project.

Senator Tillman inquired how the lands necessary for the Nicaragua route were to be obtained if they were owned by private individuals. "Is the government to be subjected to such private claims?" he asked. "In other words, have Americans gone down there and fixed up things so that we will have to pay millions and millions of dollars for the right of way."

"The treaty with Nicaragua," Senator Harris replied, "provides for a condemnation of the lands where private rights are involved."

Senator Culberson, of Texas, inquired how much would have to be paid by the United States for private rights along the canal. Senator Harris replied that, so far as he knew, no data upon that subject had been prepared and no estimate made.

In response to a suggestion by Senator Tillman that the United States was likely to be mulcted of millions of dollars, Senator Morgan interrupted to say that by an arrangement with the Nicaraguan government, in the event of the adoption of the Nicaraguan route, all acquisition of land by the United States would date to the conditions which prevailed in December, 1900. That would preclude, absolutely, speculation in the land along the route.

Senator Tillman again expressed his apprehension that speculators had obtained or would obtain title to lands that would be necessary to the United States if the Nicaragua route were selected. He was afraid these claims would spring up in the pathway of the United States "with hands outstretched toward the treasury with the demand to stand and deliver."

Senator Harris replied that in view of the diplomatic arrangements between the United States and Nicaragua no such apprehension as that suggested was warranted, although, in a project of this kind and this magnitude it was impossible, perhaps, to guard absolutely against frauds of the kind suggested.

House of Representatives.

The House to-day passed the bill to protect the President, Vice President, members of the cabinet and foreign ministers and ambassadors and to suppress anarchy, by a vote of 175 to 38.

A motion to recommit the measure, with instructions to strike out certain sections, was defeated—71 to 122. The remainder of the day was devoted to the bill to transfer certain forest reserves from the interior to the agricultural department, and to authorize the creation in such of game and fish preserves. This is the bill framed in response to the recommendations on the subject which were contained in President Roosevelt's annual message. The minority of the Public Lands Committe offered as a substitute for the bill a measure which eliminates that portion of the bill which transfers the reserves to the agricultural department. Messrs. Lacey, Iowa; Kleberg, of Texas; Perkins, of New York; and Williams, of Mississippi, spoke in favor of the bill. Messrs. Mondell, of Wyoming, and Shafroth, of Colorado, supported the minority substitute. Mr. Bell, of Colorado, opposed the bill. No vote was reached.

FATAL FIRE IN LONDON.

Caused the Death of Nine Young Girls. Fifteen Others Injured.

By Telegraph to the Morning Star.

LONDON, June 9.—A small fire in the center of London to-day caused the death of nine young girls. Fifteen persons were injured, one probably fatally. The fire occurred in the upper portion of a five-story building adjoining the Mansion House station, in the busiest section of London. The first extension ladders to arrive at the scene could not be elevated to the height of the fourth story and inmates of the upper floors were compelled to jump down into a tarpaulin which had been hastily commandeered by the firemen from a passing fruit van. Several of those who jumped were badly injured and others who refused to take this risk disappeared within the smoking windows.

THE WEST VIRGINIA COAL MINERS' STRIKE.

About Complete in the Flat Top Region. No Trouble Yet—Operators Preparing for a Conflict

By Telegraph to the Morning Star.

BLUEFIELD, W. Va., June 9.—The strike in the Flat Top coal region today is about complete. Some of the operations are attempting to load coal with eight and ten men, and in the greater number of cases with less than this number. It had been hoped by the operators that a great number of the miners going out on Saturday did so through curiosity to see what the other fellows are doing and they expected at least fifty per cent of their forces to return to work to-day but it is generally conceded by even the operators that not over eight per cent. of the men returned. At the Southwest mines, Pocahontas, Va., where six hundred miners ordinarily work, but fifty men are working, though this is a much larger percentage than at any of the other mines. In the Thacker and Clinch Valley districts the men are still at work, though the agitators in Clinch Valley district are claiming that the men are expected to go out. All the operators so far seen refuse to be interviewed as to their intentions regarding the conference to be held Wednesday at Bramwell by the United Mine Workers, which the operators have been requested to attend. Every precaution is being taken to protect property and the men who remain at work and another large consignment of firearms and ammunition was shipped to the different mine companies this morning. Quiet remains throughout the field.

Strikers Marching.

FAIRMONT, W. Va., June 9.—One hundred and fifty strikers, headed by "Mother" Jones, marched along the county road from Shinnston to Monongah to-day, where a second meeting was held this afternoon. The marchers are from two mines, Flemington and Adamson. Miners in the region along the line of march are all at work.

HUNTINGTON, W. Va., June 9.—One hundred Hungarians from Pennsylvania left here to-day for the Tug River coal fields on the Norfolk and Western railroad to work in the mines. The operators say that several hundred more are en route.

WILKESBARRE, Pa., June 9.—President Mitchell received a number of telegrams from the West Virginia strike region this morning. One of them was from Fairmont, which informed the national leader that 4,000 men struck in that vicinity. He said if this proportion was kept up through all other localities the strike would be almost complete. The other telegrams received, he said, were also favorable.

DAVY, W. Va., June 9.—A hundred or more union miners went to work to-day. The strikers are loud in their threats, but there has been no trouble yet. Many guards armed with Winchesters are patrolling the vicinity of the mines.

Operators Fear Trouble.

HUNTINGTON, W. Va, June 9.—Quiet reigns to-night in all the coal fields in the southern portion of the State. No violence has been reported from any quarter. The operators, however, fear trouble before the strike is over, and Winchesters are being received daily by express. The indications are that fewer miners will be at work to-morrow than to-day. Officials of the United Mine Workers are hopeful that the operators will meet them in conference at Bramwell, June 11. The operators say they will not be present. Guards, well armed, are on duty to-night at almost every mine on the line of the Norfolk and Western. Probably 25,000 miners were idle in West Virginia to-day.

WARM WIRELETS.

The centennial anniversary exercises of the establishment of the United States Military Academy began yesterday at West Point and will continue until Thursday, when the first class of cadets, fifty-four members, will be graduated.

Leading Democrats from all parts of Arkansas are gathering at Little Rock for the Democratic State Convention which meets there to day. A full State ticket will be nominated. All indications are that the Kansas City platform will be endorsed.

Representative Thompson, of Alabama, has introduced a bill in the House appropriating $100,000 for the removal of all the deceased Presidents of the United States except George Washington to the National cemetery at Arlington.

The secretary of war has notified the owners of the Hygeia Hotel and other private establishments on the military reservation at Fort Monroe, Va., that the land occupied by them is urgently needed for military purposes and their buildings and contents must be removed within a "reasonable time."

SANITARIUM AT CHICAGO BURNED.

Twelve Men and One Woman Killed and About Thirty Persons Injured.

ALL PATIENTS IN HOSPITAL.

Some of Them Suffering With Delirium Tremens and Strapped to Their Beds A Thrilling Scene Witnessed by Crowds on the Street.

By Telegraph to the Morning Star.

CHICAGO, June 9.—Twelve men and one woman were killed and about thirty were injured in a fire, which this afternoon destroyed the sanitarium conducted by the St. Luke Society, at the corner of Wabash avenue and 21st street. The society occupied the building which was long known as the Hotel Woodruff, and for a brief period as the Hotel Lancaster. By far the greater portion of the patients received in the institution were those seeking cure from the drink habit, and those who were addicted to the use of drugs. When the fire broke out there was on the fifth floor a number of patients suffering from delirium tremens, and some who were deranged by drugs. Several of these were strapped to their beds and it was found impossible to save them, so rapidly did the fire spread through the building.

A Thrilling Account.

A scene that wrought to the pitch of madness the great crowd that had gathered around the building was enacted at a fourth-story window on the north side. Across this window was a heavy wire screen, and on the outside of the screen were iron bars. Behind them were gathered a crowd of men whose numbers were afterward found to be between twenty-five and thirty. Escape in other directions was impossible, for the fire was steadily eating its way toward the window. The one chance for life for that crowd of men lay through screen and barred window. So fiercely did the prisoners pull at the screen that from the street below were plainly visible the tiny streams of blood that trickled from lacerated fingers and hands and flowed over the window sill. A number of the men at the window were in straight jackets and manacles. The crowd in the street watching the desperate situation of the men behind the screen was

Simply an Insane Mob.

They shouted all sorts of commands and directions at the men and gave orders to the firemen who were doing all men could do to get through the bars from the outside. As the flames came steadily toward the men, the people in the street jumped up and down and screamed in helpless rage. It seemed as though nothing could be done and that all of them would die within six inches of freedom. That any of the men escaped at all is owing to the work of W. E. Davis, of Cedar Rapids, Colorado, a patient in the institution. He induced the men to cease their disconnected pulling at the screen and to unite their efforts. Four men took hold of the screen and after a few desperate pulls managed to tear down a portion of it. Nerved to the work by their success the bodies of the men swayed back and forth as they put all of their strength into one last effort. Finally, down it came, the men in their desperation pulling with it large pieces of the mortar in which its sides had been incased.

Last Desperate Effort.

The screen was gone but the bars remained. As many as could place their hands on the lower bar took hold. It bent almost double and six men went to the floor with a crash, holding on to the iron bar which they had torn from its fastening. So quickly did the men behind them spring to grasp the second bar that those who had torn down the first were badly trampled on before they could rise. Another bar was soon torn away and the path to safety was opened.

The first man through was Dr. C. A. Anderson, of Chicago. No ladders were in front of the window, and Anderson's one hope was to reach the platform of a fire escape in front of a window just west of where he was. He hesitated for an instant, then sprang for the fire escape, clutched it, and was saved. The next man through the window was G. S. Gott, of Lavergne, Ill. Anderson was so much exhausted that he was not able to drag Gott after him and Gott was so badly burned that he was not able to make the leap himself. He crouched on the window sill while the men on the inside clamored for him to jump. Clinton Osborne, a real estate dealer of New York city, was the third man. He crawled out behind Gott and told the men inside to grasp his feet. This they did, and telling Gott to take hold of his wrists and drop over the window sill, Osborne, hanging head downward, swung Gott to and fro until he had acquired sufficient momentum, and then swung him up and onto the landing of the fire escape, where Dr. Anderson seized and held him.

Rapid Spread of Flames.

The fire originated in the basement of the building and spread rapidly to the upper stories through the elevator shaft. The blaze was discovered by James Newell, a grocer, who was driving through the alley in the rear of the building. He noticed smoke coming from one of the basement windows. In an instant the flames were caught by the draught in the elevator shaft, and carried up with a roar. Newell gave an alarm, but in a few minutes the flames had been carried to the roof and had eaten through it and were leaping high in the air.

As the cry of fire rang through the building patients sprang from their beds, and before they could be prevented several had jumped from the windows to the pavement. A number of people were carried down the ladders by the firemen, but the fire gained such headway that there was almost no chance for those on the upper floors of the building to make their escape, and such of them as were not suffocated were killed or badly injured by leaping from the windows.

Thrilling scenes of rescue were enacted in front of the building on Wabash avenue and in the alley at the rear. The firemen ran into the building and dragged out a score of men and women, who had been slightly overcome by smoke, and were unable to find the doorways. The majority of these were able to walk away within a few minutes.

After the fire was over, the police arrested William Lanahen the engineer, Lee Seymour, the firemen of the building and J. P. Nagle, the inventor of a gasoline plant in use in the basement of the institution. There are no direct charges against the men, but the police have the idea that the fire may have originated from the mismanagement of the gasoline plant and took the men into custody.

Seven inmates of the santarium are missing.

For WASHING
A GAS STOVE
For IRONING
there's nothing so satisfactory as a gas stove. You've none of that trouble with the fuel and the fire that used to make wash-day a veritable "Blue Monday."
No more "picked-up dinners" on washday.
gas heats the irons to perfection, but does not heat you. There's none of that superheated, enervating atmosphere that used to make "ironing day" dreaded.
With gas, ironing is a pleasant task.
CONSOLIDATED RAILWAYS, LIGHT & POWER COMPANY.

Atlantic Coast Line Railroad Company.

General Meeting of Stockholders.

Notice is hereby given that a special meeting of the stockholders of the Atlantic Coast Line Railroad Company will be held at the Company's office in the City of Richmond, Virginia, at 11 o'clock A. M., on Monday, the sixteenth day of June, 1902, for the purpose of considering, authorizing and voting on the proposition to issue bonds of the Company to an amount not to exceed twenty thousand dollars per mile of railway actually owned and not to exceed in the aggregate eighty millions of dollars ($80,000,000.) payable in gold coin not more than fifty years from their date, and bearing interest at a rate not exceeding four per cent. per annum, which bonds will include the amount necessary to retire all bonds now outstanding and secured by underlying mortgages and also the amount necessary for the acquirement of additional properties, and will, when all the bonds are ultimately issued, increase the present bonded indebtedness of the consolidated Company about thirty-three million dollars; and for the purpose of considering, authorizing and providing for the execution and issue of a morigage or deed of trust to secure said bonds, embracing all of the railways, property and franchises of the Company, and for the purpose of considering and acting upon such other matters as may be legally presented at the meeting.
